## FOUR SCHOOL BUILDINGS SOON TO BE COMPLETED

If Accepted by Commissioners Will Be Ready for Immediate Use.

This is to be the banner month of the year in the taking over by the District of new school buildings. Four school structures are to be completed within the next ten days or two weeks, and if accepted by the Commissioners they will be turned over to the board of education for immediate use.

The buildings are the Ivy City School, consisting of six rooms, and costing \$44,000; the Cordozo, at 1st and I streets southwest, a twenty-eight-thousand-dollar six-room structure; the Farragut Street School, an eight-room building, erected at a cost of \$59,000, and the Western High School addition, costing \$31,000. The total cost of the buildings is \$162,000.

Yesterday the Commissioners inspected the new twelve-room, ninety-two-thousand-dollar school building recently erected at 5th and T streets northwest, and accepted it. This building is already in use.

Last week the new manual training school at Wisconsin avenue and 33d street was accepted by the Commissioners. The four buildings to be completed this month will be the last to be turned over to the District during the present year.

It is announced that the eight-room Handle Highlands school will be completed in March, while the new two-hundred-and-fifty-thousand-dollar normal school building will be completed, it is expected, by September next.

Work on New Buildings.

Work on the Burrville and Military Road schools, which are to cost, respectively, \$40,000 and \$33,000, will be commenced shortly, it was announced today. The old buildings on these sites have been moved and fitted up temporarily for use this year.

Municipal Architect Snowden Ashford today said that plans for the Colored Normal School, which is to be erected on Georgia avenue, at a cost of about \$200,000, practically have been completed. The plans, it is stated, will be submitted to the fine arts commission.

Announcement is to be made this week, according to a statement today by Superintendent of Schools Davidson, concerning what disposition is to be made of the Phelps School building, on Vermont avenue.

Until the present year the Phelps building has been used by white pupils, who have now been located in the new 8th and T streets building. The Phelps building will be used for a school for colored pupils, the building will be turned over to the business department of the Armstrong (colored) Manual Training School.

POSTAL BANKING HOURS.

Washington Depository to Open at 8:30 A.M. and Close 8 P.M.

Postmaster Merritt today announced that beginning Saturday the business hours of the new postal savings depository at his office would be from 8:30 a.m. to 8 p.m. instead of 5 p.m., as heretofore.

This will give three hours more in the afternoon and evening for those whose business hours have prevented their getting to the depository with their savings. It will meet the needs especially of many of the laboring classes and those employed in the stores of the city, as well as of employees in the other departments who have found it impossible to reach the depository window within the half hour between the closing of the departments and the opening of the depository.

Thus far 288 accounts have been opened and deposits have been received amounting to \$13,532. Receiving Clerk Collier, whom Postmaster Merritt has assigned to receive deposits, says the greatest number of new depositors appear at the window between the hours of 11 a.m. and 2 p.m. at the present time.

SYMPATHY SAVES PRISONER.

Prosecuting Attorney Has Frank Ford Put on Parole.

When Frank Ford pleaded guilty to a charge of fraudulently obtaining \$10 from Miss Mary E. Verdi, a telephone operator, upon the representation that he had secured a position for her at the Union station exchange, before Judge Pugh in the Police Court this morning, Assistant United States Attorney Ralph Given glanced critically at the defendant and pleaded for clemency from the court for the prisoner.

"I recommend to your honor that this man be placed on probation. There is nothing that would warrant a sentence either in the commission of the crime or in his past record, but I can't be a party to the possible development of a case of tuberculosis. Physicians who have had this man under observation tell me that incarceration will develop the disease rapidly. I would recommend that the man be placed on probation for a year and an outdoor life be the only things to save the defendant. After a short conference with the prosecuting attorney, Judge Pugh accepted the recommendation and placed Ford on probation for a year under a suspended jail sentence of 364 days.

## MAJ. CARSON COMING HOME.

Has Engaged Passage From Southampton and Arrives Next Month.

Letters received from Maj. John M. Carson, dated Copenhagen September 28, state that he has engaged passage on the President Grant, sailing from Southampton October 29 and due in New York November 8. As special agent of the Department of Commerce and Labor, Maj. Carson has been traveling in Europe for more than a year, investigating and reporting upon trade conditions. His investigations led him through France, Italy, Greece, Turkey, Austria, Germany and Denmark. Maj. Carson accompanied him and the major writes that both are returning in the best of health and spirits, but glad to be back among friends.

While in Germany Maj. Carson heard of the death of his old-time friend and newspaper associate, Max G. Beckendorf, and wrote to the United States consul general at Frankfurt-on-the-Main for particulars. He received the following reply: "Count Max Beckendorf died at Frankfurt in the Russischer Hof Hotel August 28, 1911. Death was due to heart failure. He was buried at Schloss Brand, Markt-Redwitz, Ober-Franken, Bavaria."

It is announced that the eight-room Handle Highlands school will be completed in March, while the new two-hundred-and-fifty-thousand-dollar normal school building will be completed, it is expected, by September next.

Work on New Buildings.

Work on the Burrville and Military Road schools, which are to cost, respectively, \$40,000 and \$33,000, will be commenced shortly, it was announced today. The old buildings on these sites have been moved and fitted up temporarily for use this year.

Passengers in Taxicab Injured in Collision

Tongue of Delivery Wagon Crashes Through Glass in Front.

Five persons were injured when a taxicab and a delivery wagon met in collision last night at Rhode island avenue and Columbia street. Those injured were Charles S. Shreve, Jr., cuts and bruises; Mrs. Charles S. Shreve, Jr., slight bruises and shock; Miss Cora Shreve, sister of Mr. Shreve, bruises; Charles Schreyer, chauffeur, cut and bruised, and John Smith, driver of the wagon, cut and bruised.

Miss Adrienne Shreve, the eleven-year-old daughter of Mr. and Mrs. Shreve, was the only member of the party who escaped injury. None of the injured, however, received serious injuries.

Miss Cora Shreve said she and the other members of the party had left their home at 1543 8th street northwest last night to go to the New Willard to attend the centenary of Lebanon Lodge, No. 7, F. A. A. M.

They were in the taxicab and were going west on Rhode island avenue when the delivery wagon, driven by Schreyer, came out of Columbia street. The chauffeur was unable to tell which way the wagon was going to turn, and he was endeavoring to pass by crashed into the wagon.

The tongue of the vehicle crashed through the front of the taxicab and flying glass cut the occupants. The members of Mr. Shreve's family were taken to the hospital and received a physician. The chauffeur was taken to his home in another taxicab, and Smith was treated at the Freedmen's Hospital.

WIFE SUES FOR DIVORCE.

Mrs. Padgett Charges Desertion and Names Co-respondent.

Mrs. Margaret C. Padgett has filed suit for absolute divorce from Edward R. Padgett, alleging desertion and naming a co-respondent. They were married December 16, 1908, and lived together until August 31 last. Alimony is asked in the petition filed through Attorneys Millan & Smith.

Justice Barnard has cited the husband to show cause next Friday why he should not pay alimony pending the hearing of the case.

CITED TO SHOW CAUSE.

Husband to Answer Wife's Suit for Payment of Alimony.

Chief Justice Clabaugh today issued a rule on Hescott B. Sears, a carpenter, to show cause October 20 why he should not pay alimony to his wife, Stella C. Sellers, a school teacher of McGaheysville, Va.

The rule is based on a petition for maintenance filed by the wife through Attorney W. P. Plummer, in which she charges desertion and non-support. The couple were married May 3, 1907, at Bridgewater, Va., and have one child, born November 29, 1909. With the exception of \$10, Mrs. Sellers says, her husband has never provided for her since their marriage. He also borrowed her savings accumulated from her teaching before marriage, spent it on himself, she says, and has frequently promised to do so, has failed to repay her.

KICKED BY HORSE.

Mounted Policeman Wood in Hospital With Fractured Skull.

Mounted Policeman Edward S. Wood of the fifth precinct was kicked by a horse last night about 11 o'clock while he was preparing to go on duty. He sustained a slight fracture of the skull and injuries to his leg and stomach. Although painfully hurt, he was able to walk from his home, 700 6th street southeast, to the Casualty Hospital.
